

Table of Contents

Volume 1

Introduction	1.1	General Information	3
	1.2	Limit States Design	5

1

Bending Members	2.1	General Information	19
	2.2	Sheathing & Decking	21
	2.3	Lumber Joists	35
	2.4	Engineered Joists	57
	2.5	Beams and Purlins	61
	2.6	Built-up Beams	89
	2.7	Nail-Laminated Timber	91
	2.8	Glued-Laminated Timber Panels	109
	2.9	Cross-Laminated Timber	119
	2.10	Two-way Bending Members	135
	2.11	Cantelivered Beams	143

2

Compression Members	3.1	General Information	153
	3.2	Stud Walls and Posts	155
	3.3	Columns	169
	3.4	Built-up Columns	199
	3.5	Cross-Laminated Timber Walls	207

3

Tension Members	4.1	General Information	221
	4.2	Lumber and Glulam	223

4

Combined Loads	5.1	General Information	243
	5.2	Stud Walls	249
	5.3	Glulam Columns	265
	5.4	CLT Walls	293

5

Bearing	6.1	General Information	321
	6.2	Bearing Resistance of Wood	323
	6.3	Bearing Plates	335

6

Connections	7.1	General Information	347
	7.2	Nails and Spikes.	353
	7.3	Wood Screws	389
	7.4	Bolts and Dowels	411
	7.5	Drift Pins	477
	7.6	Lag Screws.	481
	7.7	Timber Rivets	501
	7.8	Shear Plates and Split Rings	521
	7.9	Truss Plates	541
	7.10	Joist Hangers	549
	7.11	Framing Anchors	551
	7.12	Typical Connection Details.	555

7

Shearwalls and Diaphragms	8.1	General Information	587
	8.2	Light-Frame Diaphragm Design	591
	8.3	Light-Frame Shearwall Design	615
	8.4	Seismic Design Considerations for Shearwalls and Diaphragms	655
	8.5	Lateral Load Design of Cross-Laminated Timber in platform-type Construction	671

8

Applications	9.1	General Information	693
	9.2	Curved Glulam	695
	9.3	Timber Arches	701
	9.4	Pitched-tapered Beams	711
	9.5	Pyramidal, Domed and A-frame Buildings	723
	9.6	Heavy Timber Trusses	727
	9.7	Light Frame Trusses	733
	9.8	Permanent Wood Foundations.	741
	9.9	Stressed-Skin Panels	751
	9.10	Dowel-Laminated Timber	755
	9.11	Concrete Formwork	757

9

Design for Fire Safety	10.1	General Information	771
	10.2	Definitions.	773
	10.3	Wood Construction	775
	10.4	Fire-resistance Ratings.	781
	10.5	Determining Fire-resistance Ratings	785

10

Appendix	List of Symbols	A-3
	Index	A-9
